It can't be said that boys don't like English at Waverly High. This is an all-boys English class.

# THE ADVISOR COMMENTS:

What a relief when the 1956 WAVE was completed and submitted to the publisher, and all the money raised!! The latter is really a long, and diff. task to be accomplished by the "faithful few".

To the Editorial Staff members who have spent hours planning and arranging the contents of this book and seeing the job finished, I wish to express my sincere appreciation of their faithful and untiring efforts. It was quite an undertaking to assume the responsibility of editor as late as the beginning of the second semester, but Shirley Heriford, with the able assistance of Sharon Dodd, did this very thing. These girls worked together faithfully to the end and have edited this yearbook.

To the Business Staff, without whom we could not have financed this yearbook, I also express my appreciation for their loyalty and faithfulness, especially Joe Laugharn, assistant business manager, who never missed operating the popcorn machine at any of the ball games. I might also

add that Joe Laugharn and Gary Richardson have worked on the Wave Staff three years and their names were placed on the Honor Plaque with the editors and business manager, for their three years of faithful service. Four of the staff members have served on the Wave Staff two years: Bill Gibson, Lee Marr, Allen Keatner, and Rita Clayton.

To present to you readers a picture of the cost of your yearbook you have just finished reading, I should like to give a few figures with which the staff and, have had to work to produce this book. The actual cost, including publication and photography, averaged \$7.60 per book. The subscribers were charged \$3.50, which left \$4.10 on each book the staff has had to raise from other sources. So, to each of the staff members, the faculty, and parents who supported our financial projects, I express my appreciation for your cooperation and contribution in any way that made possible this 1956 WAVE.
